INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS

We have audited the basic financial statements of the **Department of Alcoholic Beverage Control** as of and for the year ended June 30, 2005, and have issued our report thereon dated September 23, 2005. Our report on the financial statements is included in the Annual Report issued by the Department of Alcoholic Beverage Control. We submit herewith our report on compliance and internal control over financial reporting.

In planning and performing our audit of the financial statements of the Department of Alcoholic Beverage Control as of and for the year ended June 30, 2005, we considered internal controls over financial reporting and tested compliance with certain provisions of laws, regulations, contracts, and grants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Department of Alcoholic Beverage Control's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters

involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department of Alcoholic Beverage Control's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters is intended solely for the information and use of the Governor and General Assembly of Virginia, Board members and management, and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

EXIT CONFERENCE

We discussed this report with management at an exit conference held on October 4, 2005.
